Easy Cheesy Beer Soup

Ingredients:

- 2 Tablespoons butter
- 1 cup chopped celery
- 1 cup chopped carrots
- 1 cup chopped onion
- 3 (14.5 oz.) cans chicken broth
- 8 oz. shredded cheddar cheese
- 1/2 cup flour
- 1/2 teaspoon Dijon mustard
- 1 bottle of beer

Directions:

In medium pot melt butter over medium heat. Add celery, carrots and onion and cook for 5 minutes. Add chicken broth and bring to a boil. Reduce heat and simmer for 20 minutes. Puree mixture in blender and return to pot. Toss cheddar with flour and stir, gradually adding to pot until fully incorporated. Season with mustard and beer. Serve immediately and enjoy!

Beer Quote of the Month

"Without question, the greatest invention in the history of mankind is beer. Oh, I grant you that the wheel was also a fine invention, but the wheel does not go nearly as well with pizza."

--Dave Barry

Lagunitas Brewing Company

Lagunitas Brewing Company is known for their iconoclastic interpretations of traditional beer styles, and irreverent descriptive text and stories on their packaging. Their flagship beer, IPA, is consistently the best-selling IPA in the state of California according to IRI, the widely cited consumer product reporting company. The brewery was founded in 1993 by Tony Magee in Lagunitas, California and moved to nearby Petaluma when they quickly outgrew their original rural West Marin location.

Over the years from 1993 through 2007, Lagunitas has been among the fastest growing craft breweries in the U.S. producing nearly 52,000 barrels in 2007.

I. P. A. (India Pale Ale)

Spend the next few minutes with this special homicidally hoppy ale. Savor the moment as the raging hop character engages the imperial qualities of the Malt foundation in mortal combat on the battlefield of your palate!

This is Lagunitas's unique version of an ancient style. A style as old as the ocean trade routes of the last centuries Great Ships. Not as old as the equator they had to cross twice enroute, nor as old as the 10,000 or so miles of Di-Hydrogen Oxide and Sodium upon which they sailed, but older than the Circulithium-4 Lentloid that binds the Lupulin Quartnate onto your taste buds. Weird. Think about it. Now stop. OK, go again, now stop. Think again, and stop. But we digress. Made with 43 different hops and 65 various malts, this redolent ale will likely float your boat, whatever planet you're on. Whether or not you believe this or not is irrelevant - what's important is that the beer is excellent! Now drink it. Drink it real good.

Somona Farmhouse (Saison Style Ale)

This is a traditional, unfiltered Belgian Style farmhouse ale, full of bold, racy flavors. The beer has a nice golden orange color with a fluffy white head when poured. Slight hints of floral and fruity taste. This beer is normally only offered on tap, but we worked an exclusive deal for our beer club members to get a batch bottled just for you! We hope you enjoy it.

Sacramento Brewing Company

Sacramento Brewing Company has been providing great beer and food in a fun, friendly, atmosphere since 1995. Their brewing philosophy is simple; brew real ales and lagers in their traditional style

With two locations in Sacramento, CA, you can be sure that there will be a party at one of these places any night of the week! Both locations offer live entertainment nightly with features ranging from trivia nights to live music. The Sacramento Brewing Company Restaurant and Bar features great food and atmosphere in a classic brew pub setting, while the Oasis features a wonderful Egyptian theme.

Although the food and entertainment in both of these establishments is top notch, their beers are even better! With 126 medals since 1995, Sac Brew's beers speak for themselves. They offer several beers in bottles year round, and this month we are proud to bring you two of our favorites for your sampling pleasure.

SacSquatch Ale

A strong Scottish Style Ale with a big caramel and malt flavor and a peat smoked finish. This beer won Best of Show at the 2007 California Brewers Festival. A big beer named after a big footed humanoid.
